Personal Skills

Mother tongue: German

Other languages: English (fluent), Greek (fluent)

Computer skills: Good command of Microsoft Office

Doctoral Thesis and Publications

Title Measurement of total and free pyridinoline and deoxypyridinoline in urine of healthy subjects, postmenopausal women and female patients with carcinoma of the breast and bone metastases with high-performance-liquid-chromatography-(HPLC)-analysis.

Publications Becker S, Traber L, Schmidt-Gayk H (1992)
Free and peptide-bound pyridinium crosslinks in urine measured in healthy people, patients with bone metastases and women after the menopause.
Calc Tissue Int 52 (Suppl. 1): S 72, 287 (Abstract)

Becker S, Traber L, Schmidt-Gayk H (1997)
Free and peptide-bound pyridinium cross-links in urine measured in healthy subjects, women after the menopause, and patients with bone metastases, 141 – 146
In: Schmidt-Gayk H, Blind E, Roth H-J (eds.): Calcium regulating hormones and markers of bone metabolism: measurement and interpretation.
2nd ed. Clin Lab Publications, Heidelberg.

Schmidt-Gayk H, Becker S, Traber L (1994)
Diagnostik der Osteoporose. Laboruntersuchungen.
Osteologie 3 (3): 187 – 191

Schmidt-Gayk H, Roth H-J, Becker S, Reichel H, Boneth HG, Knuth UA (1995)

Noninvasive parameters of bone metabolism.
Curr Opin Nephrol Hypertens 4 (4): 334 – 338

Traber L, Becker S, Cloos C (1997)

Normal ranges and concentrations of pyridinium crosslinks in urine determined by HPLC: a literature survey, 147- 156

In: Schmidt-Gayk H, Blind E, Roth H-J (eds.): Calcium regulating hormones and markers of bone metabolism: measurement and interpretation.

2nd ed. Clin Lab Publications, Heidelberg.
